

12/28/09 - You Follow Me

John 21:20 from the Amplified Bible reads "*Jesus said to him, If I want him to stay (survive, live) until I come, what is that to you? [What concern is it of yours?] You follow Me!*"

We must always be in the state of mind of letting Jesus lead our lives without questioning His will. We worry desperately about how our brothers and sisters chose to serve God and that can easily put a road block in our path. Jesus has commanded that we follow Him and follow the path He has set for us. We must not concern or question God on the ways He uses His other servants to satisfy His will. We all have been blessed with gifts through the Holy Spirit, and no gift is better than the other, and all are equally important. As long as our brothers and sisters are possessed by the Holy Spirit, we shall worship, pray, study, and rejoice in the presence of the Lord together. Let Him lead us as we follow Him.
